SPECIAL PROJECTS FUND

The Special Projects Fund accounts for financial activity associated with \$730,000 bequeathed to the City by the Ella Maxwell Estate on July 23, 2003. These monies are strictly for public purposes to serve the citizenry at large of the community and to provide a public benefit. Although the gift is restricted only as provided, Ms. Maxwell suggested that the City invest the money and use the income each year to build public improvements in parks and in public use areas owned by the city, which will serve the citizenry at large of the community, lessening the burdens of government and provide a public benefit for all the people of the community not otherwise available.

PARKS FUND

The Parks Fund receives operating revenues primarily from sales tax receipts and user fees. User fees are established following recommendations to Council from City staff and the Parks Advisory Board.

A special ½ cent Local Park Sales Tax authorized by the voters in 1999 was restricted for use to construct certain improvements within the parks system and was deposited into the Parks Construction Fund. On August 2, 2011, voters authorized the elimination of the expiration date for the existing tax and expanded its purpose to include parks operations and maintenance. Council authorized a voluntary rollback of real and personal property taxes in lieu of the sales tax.

Effective January 1, 2015, sales tax revenues were deposited into the Parks Fund.

WATER AND SEWER FUND

This proprietary fund accounts for all financial activity associated with maintenance, repair, expansion and operation of the City's water and waste water systems. Revenues are generated primarily through user charges and fees. In 2003 voters authorized the continuation of an existing ½ cent capital improvement sale tax for the purpose of sewer improvements not to exceed 20 years. The tax was effective January 1, 2004 and expires December 31, 2023. Improvements include sewer, storm water facilities, curbs, gutters, sidewalks, storm drains and public safety equipment.
