AGENDA ITEM
Jun 4, 2024

Subject: Ash Street Sidewalk Agreement

Department: Administration

Engineer Notes:

MoDOT has graciously offered to go ahead and add the replacement of the bridge on Ash St., just south of Weber Elementary, to their design-build package this year. This is a great opportunity for the City. They have agreed to cover the design and construction cost of the bridge. We have requested that the bridge accommodate a multi-use path on the west side to allow for pedestrian and bicycle access. However, since pedestrian facilities do not currently exist in this location, **MoDOT is requesting a resolution from council to acknowledge the City's commitment to add facilities once the bridge is built.**

Here are the main points that need to be included in the resolution for MoDOT:

1. The City of Nevada agrees to begin construction of sidewalks to meet up with the new bridge on the north and south sides, within one year of MoDOT's completion of the bridge project.
2. The City of Nevada will design and construct the sidewalks at their cost.
3. The City of Nevada will assume maintenance responsibilities for these new sidewalks.
