Memo To: Communities in the Kaysinger Basin RPC Region
From: Sheridan Garman-Neeman, Executive Director
Subject: 2019-20 KBRPC Membership
Date: April 15, 2019

As the new fiscal year approaches, KBRPC staff is gearing up for another busy year, and we are very excited about the direction planned for our programs, such as economic and community development, transportation, solid waste management, and hazard mitigation planning. Your membership is vital for KBRPC to bring these projects and future opportunities to this region, and for the success of our region as a whole. In addition to the programs listed above, your annual membership entitles your county to the following services:

1. Partnership with MoDOT including annual prioritization of projects
2. Updated Hazard Mitigation Plans every 5 years
3. Grant writing services
4. Opportunities associated with the Missouri Association of Councils of Governments (MACOG)
5. Economic Development assistance, including EEZ management
6. Mapping services
7. Consultations at any time with the Director or staff
8. Educational events and training
9. A constant resource for funding opportunities and ideas

We ask that you please return your assessment in conjunction with the enclosed invoice by June 30th, 2018. Along with your remittance, please be sure to include the completed "Resolution of Membership" form. This form requests an officially designated representative from your governing body to be a member of the KBRPC Full Commission, which is comprised of a representative from each member community. The KBRPC Board of Directors itself is then made up of three (3) members of each county and meets bimonthly. This Full Commission appointment does not imply that the person will be a member of the Board of Directors, however they will be the point of contact for KBRPC staff, have the opportunity to attend all board meetings and can relay vital information back to the city councils.

Thank you for your continued support of KBRPC and your investment in your community and our entire region.
