Subject: Self Contained Breathing Apparatus (SCBA), Cylinders & Face Pieces

Department: Fire

Over the past several years the fire department had the ability to utilize equipment supplied by Missouri National Guard, (Camp Clark) for the use at emergency incidents. Unfortunately the program's funding has expired and the equipment will need to be turned back into the Missouri National Guard.

The list of equipment to be surrendered includes: Scott 4.5 Air Packs and Scott 4500 psi/60 minute cylinders. This equipment is vital and necessary for NFD to meet the minimum requirements for Insurance Services Office (ISO) and National Fire Protection Agency (NFPA). Therefore a quote for replacement SCBA's, bottles, and face pieces was requested. Due to regional assignments only one company is available to provide the equipment listed below.

Feld Fire Equipment: 5- Scott 4.5 X3 Air Packs, 10- 4500 psi/60 minute Carbon Cylinder, and 12- Scott AV3000 HT Face Piece

Cost for equipment: \$35,406.00. This is a non-budgeted purchase; however, the department will remain within budget due to reduced labor costs.
