

AGENDA ITEM
November 17, 2015

Subject: Pour in Place playground Surfacing

Department: Parks and Recreation

Bids were solicited from three vendors for pour in place playground safety surfacing and included in the Missouri Department of Natural Resources Playground Scrap Tire Surface Material Grant. According to grant requirements, 50% of the surface material must be composed of Missouri scrap tires. Bids were received from all three vendors and are as follows:

Entire Recycling	\$4,125.00
All Inclusive Rec, LLC	\$6,568.50
S Bollinger and Associates, LLC	\$5,625.00

Although Entire Recycling was the overall lowest bid, the topcoat was specified to be one inch and composed of 80% of Missouri scrap tires. S. Bollinger and Associates, LLC quoted a two inch topcoat with the surface composed of 100% Missouri scrap tires. Due to the specifications, it is believed the product S. Bollinger and Associates offers better meets the purpose of the grant. The grant was approved based on the bid submitted by S. Bollinger and Associates.

We could do you a pour in place for \$11.00 a square foot. This would include preparation of site, materials and labor for a 2 part system with a pad and a an inch topcoat.

Thanks for the opportunity to quote.
