Subject: Law Enforcement Terrorism Prevention Program

Department: Police

The Nevada Police Department has been selected to receive the award of one License Plate Reader (LPR), from the Law Enforcement Terrorism Prevention Program, managed by the Missouri Police Chief Charitable Foundation.

This equipment will be mounted on one NPD patrol car and will aid Nevada Police Officers in searching for vehicles that have been reported stolen, are suspected of being involved in criminal or terrorist activities, owned by persons wanted by authorities, assist in AMBER alerts, and any number of other legitimate reasons.

The award of this equipment is valued at \$15,435 for one LPR and includes 100% of the actual cost of all hardware, installation and on-site training. There is no local funding requirement for this equipment.

License Plate Reader (LPR) Grant Application 2015**

Please provide one paragraph in the shaded area below justifying your need:

The Nevada Police Department requests consideration for one (1) license plate reader to be equipped to one of our marked patrol vehicles. Such equipment had proved extremely useful in detecting stolen vehicles, wanted fugitives, etc. There is a large amount of vehicle traffic that travels through our jurisdiction as a major state highway and interstate highway intersect in our city. This equipment would benefit our community by alerting law enforcement to stolen vehicles and wanted persons travelling through or staying in our community. Our agency does not have the funds available in our budget to procure this equipment. Our city is the county seat and largest city in multiple counties in any direction, therefore our city contains several state and federal buildings as well as a large chemical based manufacturing plant that could be seen as targets.
