Subject: Accepting Sewer Main and releasing former easement

Department: Planning/Zoning

Dollar General constructed their new building at 1600 W. Austin. During the plan review process it was discovered that a sewer main ran north/south across this property. In order to move forward with the project the sewer main was relocated into the now vacated Galbraith Street easement on the east side of the property. Alliance Water Resources inspected the installation and completion of the line and approved the line to be accepted by the City of Nevada.

This ordinance will accept the relocated line and vacate the now abandoned easement.
