Subject: Police Records Management System (RMS) Purchase Request

Department: Police

Global Records, the police department's current records management system (RMS), has been in use since 2007. Since 2007 a compatible computer aided dispatch (CAD) software program has been used in conjunction with the police department's RMS to import agency call for service data, which integrates with several other modules within the RMS.

For the past several years this compatible CAD system has been provided through a connection with the Vernon County Sheriff's Office, with whom the police department contracts for dispatching services. The police department is currently under contract with the Vernon County Sheriff's Office for dispatching services through the end of 2020.

The Vernon County Sheriff's Office is currently in the final stages of upgrading their CAD system to a newer software program provided by the same software company that provides the police department's current RMS.

The police department has been notified that the new CAD system at the Vernon County Sheriff's Office will not be compatible with their current RMS. If the police department does not upgrade to a compatible RMS, they will lose the ability to import agency call for service data, which adversely impacts several related functions and features within the police RMS.

Global Public Safety, which owns the police department's current RMS, has provided a quote for the compatible RMS, TAC.10 Records, in the amount of \$23,850. Additionally, SQL Server software and operating system licensing is required with the installation. The total cost of this upgrade will be a not to exceed amount of \$33,310. This is a sole source purchase request as this RMS is a proprietary software program and the only RMS compatible with the upgraded CAD system at the Vernon County Sheriff's Office.

Quotation/Order Form

Quote #: GPS-00001039
 Quote Date: November 27, 2019
 Expiration Date: December 31, 2019

Quote For: Casey Crain, Chief of Police
 Nevada MO Police Department
Address: 120 South Ash
City, State Zip: Nevada, MO 64772
