

AGENDA ITEM
February 18, 2020

Subject: 2020 or 2021 Medium Duty Rescue Truck

Department: Fire Department

Bids were solicited to replace the current 2006 Medium-Duty Rescue truck used by the department. The specifications requested either a 2020 or 2021 Freightliner M2 106 Chassis or an International MV Chassis. A total of 4 bids were received and are listed below.

Max Fire (Rosenbauer) Freightliner \$333,299.00

Fire Master (Ferrara) No Bid

Feld Fire No Bid

McQueen (Pierce) Freightliner \$390,347.00

MCB Maintainer Freightliner \$318,806.00 International \$319,806.00

Precision Fire Freightliner \$300,930.00 International \$303,952.00

The lowest and best bid received was from Precision Fire Apparatus (Camdenton, Mo) for the construction and delivery of requested apparatus. We would recommend a not to exceed amount of \$310,000.00 for the purchase of proposed apparatus. The additional funds would allow changes if needed during the pre-build conference, prior to the start of construction.
