

AGENDA ITEM
March 17, 2020

Subject: Highway lighting repair

Department: Administration

This will authorize payment of \$13,539 to CDL Electric of Kansas City, MO for replacement of a pole light at the I-49 Camp Clark exit. The pole was demolished in January of 2019 by a truck that ran off the exit ramp. The City was paid \$13,043 on 3/4/19 by the trucking company's insurance company. The work was done by CDL Electric, who originally installed the pole, at the request of the insurance company. The difference of \$496 was due to a change in the light fixture from high pressure sodium to LED. CDL Electric completed the installation of the new pole in January 2020.
