

AGENDA ITEM

June 7, 2022

Subject: Upgrade the City's water meter infrastructure and meter reading technology to a new, automated Advanced Metering Infrastructure (AMI).

Department: Administration

Allgeier, Martin & Associates, Inc., under the terms and conditions set forth in the Professional Services Agreement executed between the parties on the 24rd day of February, 2021, referenced in Ordinance 8391, was tasked to evaluate and select an AMI system and Vender that best fits the needs of the City of Nevada.

Allgeier, Martin & Associates Recommendation: It is our recommendation that the City award the alternate bid proposal project to **Core and Main** of Blue Springs, Missouri in their proposed amount of **\$1,837,999.75**. Core and Main has indicated they intend to enter into a contract with the City to complete the project and they appear capable of obtaining all necessary bonds and insurance, and performing the work specified.

Manager Notes:

- From John Briggs: "I did reach out to Core and Main to discuss their Base Bid Proposal to ensure that installation services for the Data Collection Unit is included in their bid price. They did confirm that installation of the Data Collection unit (base station, coax, and antenna) is included. Sensus will even guarantee a read success rate of at least 98.5% (the specifications required a read success rate of at least 97.5%) and if for some reason that percentage isn't met, Sensus will install equipment needed to achieve that read rate at their cost. We should make sure this language is included in the contract/agreement."
