Subject: Utility Trailer for Excavator

Department: Public Works

Traditional purchasing methods for this type of equipment are difficult to secure due to the volatile equipment market.

Online auctions and social media outlets are the best places to look to find competitive pricing for heavy equipment.

This Resolution will authorize the City Manger to purchase a Low-boy Trailer up to \$50,000.00. The approved 2022 Budget allocated \$80,000.00 for a trailer purchase from the Water & Sewer Fund.

Manager Notes:

- We will not purchase a trailer without looking it over first. We have been to multiple locations over the past 2 months and the trailer is usually sold by the time we are able to arrange payment.
