Subject: Sweeper Bucket

Department: Public Works

Due to the number of downed trees and limbs from the July 31, 2023, storm, the City Manager determined additional equipment was needed to aid in the debris removal.

A sweeper bucket attachment for skid steers is beneficial to the pickup of leaves and larger limbs. Our Street Sweeper can handle leaves and small limbs but has trouble picking up larger limbs.

This attachment will also be used for street construction projects, roadway spills, and cleanup after water main breaks or sewer line repairs occurring in city streets.

Manager Notes:

- Chapter 26 section 26-18 Procurement in exceptional emergency or extraordinary circumstances. Gives the City Manager purchasing authority over \$5,000 if the purchase is a public necessity, health or safety.
